

Carly Future? EXPLAINED

38 1 3

Chapter 1 by Mateo Nissou

Ok so if you didn't know I'm just gonna say there are people in my class named Alex, Whitney, Heidi and Cameron sorry if I spelled someone's name wrong but apparently in 2025 Whitney and Cameron are supposed to get married and Alex is supposed to "make a move" on Heidi. I don't believe any of this mostly since it's written by a girl named Carly Future who is supposed to be able to tell you your future. It is kinda freaky thought because it's like a stalker they got our teachers names right the description of Cameron and Whitney right and basically everything else so I'm like half creeped out and half done with who ever Carly Future is. There is just the beginning of it and I think this is all fake just to A. get attention or B. Just to make everyone feel scared either way its probably not true, but if it is let me just I believe in time travel because it would only make sense that someone would want to tell us what is going to happen before it happened. But if it's most likely not true then I think I know who it is. I think it's, are you ready for this, anyone except Heidi, Alex, Whitney, Cameron, or me. Look I don't have many details to narrow the odds so I say it's anyone not included in these stories if you want more info then just tell me
